Cargo Steamers to be Operated by Canadian National Railways.

AUDIT OFFICE, OTTAWA, September 25, 1919.

SIR,—An Order of the Governor General in Council (P.C. 1022) dated June 2, 1919 authorizes the Department of Marine and Fisheries to transfer the cargo steamers contracted for by the Department under the Parliamentary provision for shipbuilding, as each vessel is completed and delivered, to the Canadian National Railways for operation on the conditions of payment therein prescribed covering a period of ten years, "the title to every steamer so transferred to remain in the Minister of Marine and Fisheries on behalf of the Government until such time as the total cost of each vessel with interest at five and a half per cent. has been fully paid."

I shall be obliged if you will let me know the names of the steamers and their construction numbers that have, so far, been transferred under this Order in Council. I should like also to have a copy of the agreement between the Department and the operating company entered into prior to the transfer in each instance.

I presume so long as the title to each steamer remains in the Minister the Department will require from the company certified statements showing the earnings and operating expenses of these steamers.

I shall be obliged if you will send me any statements of this nature received from the company.

I am, Sir, your obedient servant,

WM. KEARNS,
Asst., A.G.

The Deputy Minister, Marine and Fisheries.

DEPARTMENT TO MARINE, OTTAWA,
Dec. 26, 1919.

SIR,—I have to apologise for neglecting to reply to your letter of September 25th, last, with respect to the transfer of vessels to the Canadian National Railways as contemplated by Order-in-Council of the 2nd June, 1919 (P.C. 1022).

Immediately following the passing of the said Order-in-Council, the Canadian National Railways took exception to the terms upon which the vessels were to be transferred, with the result that up to the present time no agreement under the said Order has been concluded.

Several conferences between representatives of the Canadian National Railways and this Department have taken place in the meantime. Proposals have been submitted by the former for the modification of the terms of the Order-in-Council but these have not yet been accepted by the Minister as satisfactory. Following the receipt of your letter of the 18th instant, I again communicated with the Canadian National Railways and Mr. Mitchell, the Vice-President, has been here a day or two ago. We will endeavour to make a satisfactory arrangement for the transfer of these vessels at the earliest possible moment.

I am, Sir, your obedient servant,

A. JOHNSTON,
Deputy Minister of Marine.

The Auditor-General,
Ottawa.

Cargo-steamers à être affrêtés par les Chemins de fer nationaux canadiens.

BUREAU DE L'AUDITEUR GÉNÉRAL,
25 septembre 1919.

MONSIEUR,—Un arrêté du Gouverneur général en Conseil, (C.P. 1022) en date du 2 juin 1919, autorise le ministère de la Marine et des Pêcheries à transférer les cargo-steamers entrepris par ce ministère en vertu des dispositions du Parlement pour la construction de chacun de ces vaisseaux, aussitôt terminés, aux Chemins de fer Nationaux Canadiens, pour être utilisés aux conditions de paiement prescrites pour une période de dix ans, «la propriété de chaque steamer ainsi transféré demeurera au ministère de la Marine et des Pêcheries, pour le compte du gouvernement, jusqu'à ce que le coût total de chaque vaisseau, avec intérêt à cinq et demi pour cent, ait été entièrement payé.»

Je vous serais bien obligé si vous vouliez me faire savoir les noms des steamers et le nombre de ceux construits et qui ont été, jusqu'ici, transférés en vertu de l'arrêté en Conseil. J'aimerais aussi avoir une copie du contrat passé avant chaque transfert, entre le ministère et la compagnie contractante.

Je présume qu'aussi longtemps que la propriété de chaque steamer reste au ministère, celui-ci exigera de la compagnie qui affrète des états certifiés indiquant les recettes et les dépenses d'exploitation de chaque steamer.

Je vous serais bien obligé si vous vouliez m'envoyer tous états de cette nature que vous avez reçus de la compagnie.

Je demeure, monsieur,
Votre obéissant serviteur,

WM. KEARNS,
Adjoint.

MINISTÈRE DE LA MARINE,
OTTAWA, 26 décembre 1919.

MONSIEUR,—Je dois vous présenter mes excuses pour avoir négligé de répondre à votre lettre du 25 septembre dernier au sujet du transfert des vaisseaux aux chemins de fer nationaux canadiens, tel que prévu par l'arrêté en Conseil du 2 juin 1919. (C.P. 1022).

Immédiatement après la passation du dit arrêté en Conseil, les chemins de fer nationaux canadiens trouvèrent à redire sur les conditions auxquelles les vaisseaux devaient être transférés, en conséquence aucun contrat, jusqu'à présent, n'a été conclus en vertu du dit arrêté.

Plusieurs pourparlers ont eu lieu depuis entre les représentants des chemins de fer nationaux canadiens et ce ministère. Des propositions ont été soumises par les premiers pour modifier les termes de l'arrêté en conseil, mais elles n'ont pas été jusqu'à présent, jugées satisfaisantes par le ministre. Après la réception de votre lettre du 18 courant, j'ai de nouveau communiqué avec les Chemins de fer nationaux canadiens et M. Mitchell, le vice-président, était ici il y a un ou deux jours. Nous allons essayer de faire un arrangement satisfaisant pour le transfert de ces vaisseaux le plus tôt possible.

Je demeure, monsieur,
votre obéissant serviteur,

A. JOHNSTON,

Payments for breaking ice in Thunder Bay Charged to Construction of Lights.

AUDIT OFFICE, OTTAWA, October 1, 1919.

SIR,—I find on examination of the cheques issued under your Letter of Credit during the fiscal year ended March 31, 1919, that the following were charged to the appropriation for "Construction of lighthouses and aids to navigation including apparatus, submarine signals, and providing suitable boats for carrying on construction works."

A 26	Canadian Towing and Wrecking Co..	4,500 00
A15327	Canadian Towing and Wrecking Co..	14,250 00
A18713	Canadian Towing and Wrecking Co..	12,000 00
A 1251	Department of Public Works...	1,450 00

The vouchers sent me in support of these payments are for breaking ice in Thunder Bay, St. Lawrence River and Yarmouth, Nova Scotia, and it seems to me that an expenditure for breaking ice, even if the process is for the purpose of facilitating navigation at the points in question, is not a proper charge on the appropriation for construction of lighthouses and aids to navigation. The word "construction" obviously applies to aids to navigation as well as to lighthouses.

There is an appropriation in the Supply Bill of 1918-19 of $40,000, for breaking ice in Thunder Bay and at other points deemed necessary for open navigation, but it seems the amount provided was not sufficient to meet in full the claims presented to the Department and coming in course of payment during the fiscal year, so the Governor in Council on the recommendation of the Minister of Marine and Fisheries, authorized the payment of the deficit from the appropriation for Construction of lighthouses and aids to navigation.

To me it is quite apparent that Parliament in making provision for Construction of lighthouses and aids to navigation did not contemplate or intend that any portion of the amount voted would be used for breaking ice, more particularly as special provision was made in the Supply Bill for this purpose at the points in question.

When the Department found that the amount voted—$40,000—was not sufficient, application should have been made for a supplementary vote, not for authority to charge the amount necessary to a vote provided by Parliament for a wholly different purpose.

I am, sir, your obedient servant,

E. D. SUTHERLAND,
A. G.

The Deputy Minister, Marine and Fisheries.

Steamer Aranmore Operated by Boston and Yarmouth Steamship Co.

AUDIT OFFICE, OTTAWA, November, 5, 1919.

SIR,—During the fiscal year ended March 31, 1919, the Boston and Yarmouth Steamship Company operating the Government steamer *Aranmore* between Yarmouth and Boston deposited to the credit of the Receiver General as refunds of expenditure three items amounting to $25,251.50.

I should like to have a full explanation in regard to this transaction and a statement in detail showing

Paiements pour le cassage de la glace dans la baie du Tonnerre imputés à la Construction des phares.

BUREAU DE L'AUDITEUR,
OTTAWA, 1er octobre 1919.

MONSIEUR,—Je trouve, en examinant les chèques émis durant l'année fiscale terminée le 31 mars 1919 en vertu de votre lettre de crédit, que les suivants ont été imputés aux subventions de la «Construction des phares et aides à la navigation, comprenant les appareils, les signaux sous-marins, et des bateaux convenables pour l'éxécution des travaux de construction.»

A 25	Canadian Towing and Wrecking Co.).....	4,500 00
A 15,327	Canadian Towing and Wrecking Co.....	14,250 00
A 18,713	Canadian Towing and Wrecking Co.....	12,000 00
A 1,251	Ministère des travaux publics	1,450 00

Les pièces justificatives qui m'ont été envoyées pour justifier ces paiements sont pour le cassage de la glace dans la baie du Tonnerre, dans le fleuve St-Laurent et à Yarmouth, Nouvelle-Ecosse, et il me semble qu'une dépenses encourue pour casser la glace, même si c'est pour faciliter la navigation aux endroits indiqués, ne doit pas convenablement être imputée au compte de la Construction des phares et aides à la navigation. Le mot «Construction» s'applique évidemment aux aides à la navigation autant qu'aux phares.

Il y a une subvention dans le bill des subsides de 1918-19 de $40,000 pour le cassage de la glace, jugé utile à la bonne navigation dans la baie du Tonnerre et autres endroits; mais il appert que le montant prévu était insuffisant pour couvrir entièrement les comptes présentés durant l'année fiscale. C'est pourquoi le Gouverneur en conseil, sur recommendation du Ministre de la Marine et des Pêcheries a autorisé le paiement de ce déficit par la subvention à la Construction des phares et nides à la navigation.

Pour moi, il est parfaitement clair que les Parlement en accordant des subventions pour la Construction de phares et d'aides à la navigation n'avait pas l'intention ni le désir qu'une partie quelconque de ces montants votés serait employée au cassage de la glace, d'autant plus qu'une subvention spéciale était portée au bill des subsides pour ce cassage aux endroits en question.

Quand le ministère s'aperçut que le montant voté de $40,000 était insuffisant, une demande de crédit additionel aurait dû être faite au lieu d'autorisation de prendre le montant nécessaire sur le compte d'un crédit voté par le Parlement pour une toute autre fin.

Je demeure, monsieur,
votre obéissant serviteur,
E. D. SUTHERLAND.

Le sous-ministre, Marine et Pêcheries.

BUREAU DE L'AUDITEUR,
OTTAWA, 5 novembre 1919.

MONSIEUR,—Durant l'année fiscale terminée le 31 mars 1919, la Boston and Yarmouth Steamship Company ayant affrété le steamer du gouvernement *Aranmore* allant de Yarmouth à Boston et retour a déposé au crédit du Réceveur général, à titre de remboursements de dépenses trois item se montant à $25,251.50.

J'aimerais avoir une explication complète au sujet de cette transaction et un état détaillé montrant que les montants déposés sont bien les réels

that the amounts deposited were the proper amounts to be refunded to the credit of the Receiver General.
